

Franco Spatocco

Frontend Developer · React · TypeScript

Argentina (remote) · +54 9 223 687 8118 · fspatocco02@gmail.com · linkedin.com/in/franco-spatocco · github.com/FranSpatocco · franco-spatocco.vercel.app

● PROFILE

Frontend developer working with React, TypeScript and Next.js. I build fast, accessible and maintainable interfaces, from design to deploy. Background in Systems Analysis; currently studying Industrial Maintenance, drawn to where software meets automation and Industry 4.0. Looking for work and available to start, remotely from Argentina (full-time or freelance).

● PROJECTS

Personal portfolio

2026

[franco-spatocco.vercel.app](#) · [source](#)

- Bilingual (ES/EN) site built with Next.js 16, TypeScript, Tailwind CSS v4 and next-intl (localized routes, hreflang, sitemap), statically generated and deployed on Vercel with continuous deployment from GitHub.
- Custom design with a token system for light and dark mode; GSAP animations that respect reduced-motion preferences.
- Accessibility (keyboard navigation, AA contrast, semantic HTML) verified with browser tests using Playwright.

AI Dashboard — Grano & Co.

2026

[demo](#) · [source](#)

- Coffee shop dashboard with Next.js 16, TypeScript, Firebase and TanStack Query; weekly summary from the Claude API on the server, validated with Zod and rate-limited.
- CSP and security headers, Vitest tests, bilingual ES/EN; Lighthouse 100 for accessibility.

Laufen — running app

2026

[demo](#) · [source](#)

- GPS running app in Flutter and Firebase for Android, iOS and web: live map, per-km splits and intervals.

● EXPERIENCE

Sales and stock assistant — Housewares store

10/2025 – 07/2026

- Customer service and counter sales, including cash register handling.
- Stock replenishment and administrative tasks using Microsoft Office.

● EDUCATION

Systems Analyst — Instituto Superior de la Empresa (HILET)

2024

Industrial Maintenance technical degree — Instituto Superior de Formación Profesional N.º 196

2025 – in progress
